Paul Valandra, Director
RST Gaming Office
P. O. Box 430
Rosebud, SD 57570

Dear Mr. Valandra:

Thank you for taking the time to visit with me this week about my concerns regarding the management of our casino by BBC Entertainment, Inc. After also discussing these issues with Wayne Boyd, an owner/partner of BBC Entertainment, Inc., I am even more concerned. Mr. Boyd told me that he is not aware of any of the discrepancies and/or alleged violations that I inquired about.

Following is a list of items which I feel need to be addressed and answered by BBC Entertainment, Inc., and which should have been disclosed, formally, to Mr. Boyd as they occurred, (to name a few).

1. Creation of a checking account, Rosebud Quality Inn Motel, at a Valentine, NE bank prior to BBC Entertainment, Inc., being approved to manage the tribe's hotel, and without the knowledge or approval of the tribal council or tribal administration.

- A. Making a loan in the name of the tribe (casino) without authorization to establish aforementioned

account. Spending said loan funds without authorization.

B. The fact that I reported this issue and the matter of "well bids" to the FBI. These are still under investigation. (The well bids don't have anything to do with Mr. Boyd.)

2. The several citations of violations issued to BBC Entertainment Inc., in regard to non-compliance of "immediate access" as mandated by the management contract. Please provide me with copies of all.
3. Reports of cash being handled in an administrative office of the casino by a casino employee not authorized to handle cash.
4. Reports of tribal casino revenue being used or transferred into a BBC account for use of BBC in conducting a steer roping or other "rodeo" event. Mr. Colombe stated to the council that he would conduct these events at no cost to the Rosebud Sioux Tribe.
5. I would like a report on how the steer roping/ rodeo events are related to the operation of our casino and how they are related to the management firm. I understood that Mr. Charles Colombe would conduct these on "his own," not under the auspices of BBC Entertainment, Inc.
6. Are the roping/rodeo events being conducted on tribal land? If so, what assurances for insurance coverage, claims, etc. does the tribe have? Also, please provide me with the details of the accident involving the "pepsi truck" and a steer/cow.

Mr. Valandra, these are only a few of my concerns. I hope you will be able to provide me with some "straight"

answers, if possible. I understand that Mr. Boyd, Calumet
Gaming, has some sort of business going with a Canadian
Indian Tribe. I believe it is essential for Mr. Boyd to be kept
informed of all actions and incidents of his partner in his firm
BBC Entertainment, Inc.

Your prompt attention to issues discussed in this letter
will be greatly appreciated. If you have any questions or
would like additional information regarding my concerns,
please contact me at anytime.

Sincerely,

Rose Cordier,
Vice President
